

Acacia^{is} Africa

WHERE ADVENTURE BEGINS

Coronavirus (COVID-19) Information

Updated 28 September 2021

Travel may not be at the forefront of your mind right now, but many of you had tours planned in the coming months and are affected by the measures taken as a result of the coronavirus.

We ask you to be patient and keep the dream of experiencing Africa's unique wildlife, culture and landscapes alive by visiting us as soon as normal operation resume - returning much needed support to everyone in Africa also affected by the consequence of coronavirus.

Travel Update:

Due to the ongoing travel restrictions arising from the Coronavirus pandemic, we have made the difficult decision to continue the suspension of operations to all scheduled tours departing before **30 November 2021**.

For the moment, the tours are suspended but as soon as the travel restrictions are lifted and it's safe to do so, we'll be back on the road exploring the best of what Africa has to offer.

Acacia is bonded with ABTA as a tour operator for your financial protection.
