#### **Day 1:**

##### **Livingstone – Lusaka**

Distance Travelled: +/- 450 Km  
Approx driving time: 9 Hours

A visit to the Mosi Oa Tunya National Park to see the Victoria Falls is included in your tour. Due to time constraints on day 1 and to be sure not to miss it please ensure you arrive in Livingstone at least one day beforehand so your tour leader can arrange the visit for you. River levels vary with season but at high water (Feb-July) the Victoria Falls are over a mile wide with water falling some 100 metres into the Batoka gorge. It is the largest curtain of falling water in the world with spray is visible from 20 kilometres away, hence the local name Mosi Oa Tunya, ('Smoke that Thunders'). At low water season (Aug-Jan) the river level drops considerably and the bottom of the Batoka gorge becomes visible. It remains an awesome sight.

We leave Livingstone and head through lush country and small villages to Lusaka, Zambia's capital. Lusaka is Southern Africa's fastest growing city with approx. 1.7 million people and is located on the southern plateau at an elevation of 1300m. With its four main highways running north, south, east and west to different parts of Africa, this city is the commercial hub as well as the centre for the government. Our accommodation for the evening is set in a tranquil and relaxing farm setting.

Distance Travelled: +/- 600 Km  
Approx driving time: 12 Hours

We leave early and take the Great Eastern Road through lush countryside and small villages, crossing the Luangwa River to the South Luangwa National Park, which is known to be one of the greatest wildlife sanctuaries in the world. The concentration of animals around the Luangwa River, and its oxbow lagoons, is among the most intense in Africa. There are 60 different animal species and over 400 different bird species inhabiting the area. Hippo's, elephants, lions, leopards, buffalo, giraffe with many other species flourishes in the 20,000 sq. miles of savannah woodland watered by these 500 miles-long river. The river itself is the most intact and unaltered major river system in Africa and covers 9059 km<sup>2</sup>. The changing seasons add to the Park's richness, ranging from; dry, bare bushveld in the winter, to lush green lands in the summer months. On arrival we set up camp and enjoy the rest of the day at leisure to enjoy the many optional activities from walking safaris and village walks.

Distance Travelled: +/- 420 Km

Approx driving time: 8 Hours

Leaving Zambia behind, we cross the border to Malawi. Please be patient as the officials process the group's visas as this may take some time to complete. Lake Malawi formerly 'Lake Nyasa', covers almost a fifth of the country's area and provides the source of livelihood for many of the Malawian people. Fishermen, fish traders, canoe and net makers all ply their trade, and a common sight is that of a fisherman in his *Bwato*, (dugout canoe made from hollowed out tree trunk) fishing on the lake at the break of day or with lanterns by night

The lake also has the highest number of endemic freshwater fish species of any in the world and attracts divers globally to seek out the many colourful Cichlid species. We arrive at camp on the lake's shore in the afternoon and have the rest of the day to swim and explore the beach and surrounding area.

**NB:** Although it is our intention to adhere to the campsites described, a certain amount of flexibility is built into our time in Malawi and the crew may make alterations to the published itinerary. Please therefore treat the Malawi section of the dossier as a guideline only.

The views from here are simply magnificent and well worth the effort of hiking to. This farm is at an altitude of 1600m ensuring a pleasant fresh climate in one of the most scenic areas of Tanzania. Approx driving time: 8 Hours

We continue towards the Indian Ocean coast and the port city of Dar es Salaam ('Haven of Peace'). This route runs through the Mikumi National Park and we may, with luck, spot forest elephant or giraffe feeding near the side of the

road. 'Dar' is Tanzania's hub of commerce and industry – a hot, humid and bustling seaport city of high rises, colourful markets and Arab influenced architecture on the coast accessing one of the most important sea routes on earth (with an interesting history too). To most travellers, this city is the port of call to the more exotic Zanzibar and the remaining of the Archipelago islands. We set up camp at our campsite on the beach just outside of the city centre, usually having time to browse curio markets - best known for ebony wood - and prepare for our trip to Zanzibar.

### Day 11:

#### Zanzibar Island

Distance Travelled: Ferry crossing

Evocative and exotic, Zanzibar conjures up images of idyllic, sandy, palm fringe beaches; romantic winding cobbled alleys and lush tropical forests. You will find all these here – and an intriguing history. Zanzibar was the base of the great 19<sup>th</sup> century explorers such as John Hanning Speke, Richard Burton and David Livingstone and once was a major trading centre of spices. Indeed, the spice trade is centuries old: Zanzibaris have traded with the people of the Arabian Peninsula for generations, plying the ocean in simple dhow sailboats relying on the annual trade winds for passage. The Arab influence is evident in the architecture and diverse street stall offerings of the capital, Stone Town. This influence can be seen right along the Eastern coast – the Swahili language itself is a result of the mixing of Arab and African languages and cultures over many centuries.

Zanzibar's other history is not romantic. The island was also a staging post for slaves bought from the African interior being held before shipping to slave owners in the Middle East. You can still see the places where these men and woman were held – and even a short visit is enough to convey the appalling conditions they had to endure.

Our time on the island over the next 4 nights is not structured and your time is at leisure. Perhaps the best way to see Stone Town is on foot: explore the bazaars for old maritime trinkets, cloths, wooden carvings, visit mosques, palaces, courtyards and alleyways of the old town. Spices are grown in plantations nearby and you can take day tours to visit some and have your senses dazzled by the tastes and scents experienced. If it's white sand, sparkling ocean and hot sun you prefer – head to the northern beaches and enjoy the Indian Ocean at its best. Try snorkelling and diving, indulge in some sumptuous seafood, or simply relax beneath a coconut palm with a cocktail and a good book.

## Rivers, Lakes & Mountains (19RLM36A) – Tour Dossier

**NB:** As we leave the truck on the mainland, basic tourist class accommodation and breakfast on Zanzibar are included in the tour price, but for the sake of flexibility other meals are left for your own account. Approx driving time: 11 Hours

Departing early from Dar es Salaam, we head north past the Usambara and Pare Mountains in the Eastern Arc Mountain Range to Marangu, nestled at the base of the famed Kilimanjaro. The accommodation takes its name from the surrounding area. "Marangu" means "full of water" in the local Chagga language, and the lush green surroundings demonstrate the truth of this. If weather is clear we will gain a view of the magnificent snow-capped Mount Kilimanjaro, Africa's highest mountain (5895m).

### Day 17:

#### Marangu - Arusha

Distance Travelled: +/- 120 Km

Approx driving time: 2.5 Hours

We drive past the town of Moshi and eventually reach Arusha; a city situated exactly mid-way between Cape Town and Cairo. This is Tanzania's 'safari capital', a city of some 2 million people, a bustling melting pot of markets, vehicles and people – all nestling in the shadow of the brooding Mt Meru (4556 m). With time to explore town we head out to our accommodation just outside the city at the edge of the Maasai plains.

This afternoon we enjoy a walk to one of the local Maasai villages, a local school and clinic, a small but highly interesting Maasai museum, and the snake enclosure at the Meserani Snake Park.

It is from here that we prepare for our two night/three-day excursion to the Serengeti National Park and the Ngorongoro Crater.

### Day 18:

#### Arusha - Serengeti National Park

Distance Travelled: +/- 250 Km

Approx driving time: Full day including game drives

This morning we transfer to smaller more 'game park friendly' vehicles and drive west across the Great Rift Valley, passing through Mto Wa Mbo ('mosquito creek') and enter the Ngorongoro Crater Conservation Area. We pass into the park and drive around the 'Crater's rim and down onto the Serengeti plains. Green after the rains, brown and burnt in the dry, this is home to an enormous variety of grazing animals, predators, and birdlife. Flatter and larger than the Maasai Mara the Serengeti is simply huge - indeed the name derives from the Maasai word *Siringitu* – 'the place where the land moves on forever'. We game drive to our designated (but unfenced) campsite for the evening where lion and hyena roam nearby for an unforgettable experience.

**Accommodation:** Serengeti National Park: Bush Camp - Camping in twin share tents with very rustic/basic shared

facilities (no shower, pit latrine), mattress, sleeping bag and pillow provided

---

### Day 19:

#### Ngorongoro Crater

We drive out of the plains, game driving en route, and after lunch ascend the outer wall of the Ngorongoro Crater. We spend the night camping on the rim (you may need a jacket; it can be cold at night due to the high altitude here), where wildlife also roams free. At 326 square kilometres in area the Ngorongoro is Africa's largest intact caldera and a World Heritage Site. If the view from the rim (2400 metres above sea level) is spectacular, the site from the Crater floor (some 600 metres below) is equally enjoyable.

**Accommodation:** Simba Camp - Twin shared canvas tents with mattress, sleeping bag and pillow provided with basic facilities

**Meals included:** Breakfast, Lunch, Dinner

**WIFI:** No

### Day 20:

Approx driving time: Full days including morning game drive

We wake early and descend the steep dirt road of the Ngorongoro Crater for a morning of game driving in this spectacular wildlife haven. All the major mammals are present except giraffe (which cannot manage the steep slopes leading down onto the Crater floor). After our game drive we ascend to our campsite on the rim for a final view over the Ngorongoro Crater, pack up our camp and have lunch before retracing our steps to Arusha and our accommodation at the Meserani Snake Park where we will overnight.

### Day 23:

#### Nairobi – Lake Nakuru National Park

Distance travelled: +/- 190 Km

Approx driving time: 4 Hours

We depart Nairobi early and descend into the 'Great Rift Valley', an enormous cleft in the Earth's surface stretching from the Red Sea to Madagascar but with particularly marked escarpments here in Kenya. We stop at a lookout point to take in the magnificent views. Our overnight stop is Lake Nakuru National Park, a relatively small park (by African standards) however prolific in wildlife, sited on the Great Rift Valley floor. The shallow soda lake attracts a huge variety of birdlife – especially flamingos, which may gather in such numbers that (when viewed from above) they form a strikingly pink 'fringe' around the lake-shore. However, Lake Nakuru is not simply a bird sanctuary, it is also home to buffalo, lion, rhino (black and white), leopard, warthog, baboon, antelope, and a variety of smaller animals. A delightful introduction to East Africa's wildlife diversity that we search for in an afternoon game drive making use of local guides and smaller safari vehicles for a more intimate experience.

Please note that some group members may be starting their tour in Nairobi.

**Accommodation:** Punda Milias Camp - Twin share accommodation with shared facilities

### Day 24:

#### Lake Nakuru - Eldoret

Distance travelled: +/- 150 Km

Approx driving time: 3.5 Hours

From Nakuru we continue northwest and climb in altitude towards the town of Eldoret en route to the Ugandan frontier. We cross from the Southern Hemisphere to the Northern Hemisphere today over the Equator, enjoy some time here learning a little about its significance and taking photos before moving onwards to Eldoret. The name 'Eldoret' is based on the Maasai word 'Eldore' meaning stony river due to the stony bed of the nearby Sosiani River. The town is the 5<sup>th</sup> largest in Kenya and is the fastest growing with a population of approx 194,000. We stay outside of the town in a unique area. It is created on a hilly forest tribal land, which was once home to members of the ancient Sirikwa tribe. Preserved on the site are excavations with stone sides, commonly called Sirikwa holes, which are believed to have been roofed and occupied by the inhabitants of a bygone age.

### Day 25:

#### Eldoret - Kampala

Distance travelled: +/- 400 Km

Approx driving Time: 7.5 Hours

We cross into Uganda, Winston Churchill's 'Pearl of Africa', a country with beautiful natural scenery and a rich mosaic of tribes and cultures. Travelling through Uganda you will be captivated by its sheer overwhelming beauty and friendly people. Our first night we stay in the capital city Kampala, which is an attractive hilly city, bustling with roadside traders, markets and busy matatu (mini-bus taxi) stands.

#### Kampala – Queen Elizabeth National Park Area

Distance travelled +/- 400 Km

Approx driving time: 8 Hours

From Kampala, we travel west towards Queen Elizabeth National Park, across the Equator again, through fertile green terraced hillsides, lush banana plantations, steep mountains and tangled forests with herds of Ankole cattle with their incredible long curving horns roaming the roads and paddocks. We stay a short distance from the Queen Elizabeth National Park. Here you will have the opportunity to relax and unwind, take a walk in the surrounding areas and mingle with the local community.

**Accommodation:** Simba Camp - Twin share accommodation with en-suite facilities

**Meals included:** Breakfast, Lunch, Dinner

**WIFI:** Yes

**Optional Activities:** Nil

---

### Day 27:

#### Queen Elizabeth National Park

This morning we enter the Queen Elizabeth National Park and take in the magnificent views of the mountains that separate Uganda from central Africa as well as Lake Edwards and Lake George. Queen Elizabeth National park has over 500 species of bird and 100 species of mammals making it one of the most bio diverse national parks in the world and if we are lucky, we may get to spot these animals en route to Kyambura Gorge for the trek to see the chimpanzees. Unlike their larger cousins the mountain gorilla, chimps live mostly in the trees and so our viewing is usually peering high into the forest canopy. However, the experience of seeing man's closest relative in the wild is a memorable one.

Chimpanzee Trek permits are issued by the wildlife authority in groups of up to 8 people per group. Depending on our group size, we may trek on the afternoon of day 26, morning of day 27 and afternoon of day 27 or morning of day 28.

**Accommodation:** Simba Camp - Twin share accommodation with en-suite facilities

**Meals included:** Breakfast, Lunch, Dinner

**WIFI:** Yes

### Day 28:

#### Queen Elizabeth National Park - Lake Bunyonyi

Distance travelled +/- 240 Km

Approx driving time: 5 Hours

We leave the picturesque hills of the national park and make our way to the lush and stunning 'Lake Bunyonyi' ('Place of many little birds'). This lake is 27 km long, 7km wide and at an elevation of 1950 metres above sea level is surrounded by undulating hills between 2200m to 2478 m high. With a depth of nearly 900m in parts this lake is the second deepest lake in Africa (the deepest being Lake Tanganyika in Tanzania). With twenty-nine islands that can be visited by local boats, the lake is a great place to unwind, relax and explore on the days that we don't trek to see the mountain gorillas.

Over the next two days the group will be split with one group trekking to the mountain gorillas while the others relax at Lake Bunyonyi to enjoy the many activities on offer.

#### Lake Bunyonyi

There are many activities to do here such as hiring canoes to visit some of the lakes' islands, visit local tribes and villages, visit the local orphanage, bird watching and nature walks. Alternatively, just relax, catch up on your travel diary or postcards to home.

#### Mountain Gorilla Trekking

This region of Africa is home to the world's remaining 700 mountain gorillas, many of which inhabit the Bwindi Impenetrable National Park. [We may travel into neighbouring Rwanda to trek for the gorillas if need be.]

On the day of our trek we gather in the early morning to meet our local guide and tracker. Walking in small groups we trek into the thick rainforest. The trek can be demanding at times with uneven terrain and hilly rainforest but the privilege of spending time with a family of these gentle primates makes the effort well worthwhile. To many people the day's trek and time with the gorillas remains their most exciting wildlife encounter in Africa.

The usual procedure, once we have located the gorilla 'family', is to squat or sit down and simply observe them for around an hour – the time set by the Uganda Wildlife Authority (the national body charged with controlling and maintaining the gorillas in Uganda). Gorillas are sociable creatures, living in groups between 12 and 20 individuals, usually led by an 'alpha male' (the 'silverback' - so called because of the silver hair on his back which grows once the male gorilla attains maturity). Most people find that the gorillas are remarkably human-like at close quarters – particularly in the social interaction between family members and in 'play' activity in which the young engage. Photography is permitted (although not with a flash and

## Rivers, Lakes & Mountains (19RLM36A) – Tour Dossier

there are restrictions for those who wish to use a video camera.)

Your permit allows you one trek and gorilla viewing (time limited to one hour). However, because the authorities maintain strict limits on the number of visitors allowed to view the gorillas each day we may spend several days in the area while all passengers in our group complete the trek and viewing.

**NB:** Depending on the availability of the gorilla permits the tour itinerary may vary in day to day running order which is based on the brochure itinerary. From time to time we may have to trek on different days. If at any chance our Gorilla trek should be in another neighbouring country, eg Rwanda (instead of Uganda) this may entail extra visa fees although we shall endeavour to advise you before departure of any significant changes to the tour itinerary. Please take the above itinerary as a guideline only. **This applies to day 28 – 30 of this tour.**

### Day 32:

#### Kampala - Jinja

Distance travelled +/- 80 Km

Approx driving time: 1.5 Hours

Leaving Kampala, we drive the short distance to the town of Jinja on the banks of Lake Victoria and the Nile. It was in 1862 that the British explorer John Hanning Speke recognised Lake Victoria as the 'source of the Nile' settling a long running dispute about Africa's (and the world's) longest river. From this modest monument the Nile begins its 4132-mile course through Uganda, Sudan and eventually Egypt to the Mediterranean Sea.

Our accommodation is situated on the grassy banks overlooking the Nile River. It is here that we usually have the option to try river rafting - an exciting day out for those enjoying the thrill of 'white-water'. There is also the opportunity to make some difference to local children at a local school project: 'Softpower' is a locally run voluntary programme aimed at building and improving schools in the Jinja area to which your contribution of a few hours of painting or plastering is always most welcome. Other activities at Jinja include mountain biking, quad biking, village walks and even Nile cruises!

### GORILLA AND CHIMPANZEE PERMITS

The Uganda Wildlife Authority imposes strict regulations regarding the gorilla trekking permits. One of these is that permits must be booked and paid in advance. In order for us to do this we must collect your permit money, in addition to your normal deposit, at the time of booking. Like your deposit, the permit money is not refundable if you cancel your tour. The Gorilla and Chimpanzee permit currently (Sept 2018) cost US\$780.00 per person. Please ask your agent or Acacia for the equivalent amount in your own currency. Please note: To ensure we obtain gorilla permits we may have to adjust the itinerary slightly from the published route. Any such adjustment will be explained to you where-ever possible before you leave for Africa. Our focus at all times will be to ensure everyone has the opportunity to do the treks and enjoy the very Africa experience.

### Responsible Travel

We strongly believe that you get the most out of a journey by respecting the culture and people of the places you visit. On our tours we try to travel in a way that benefits the communities we pass through and minimises negative impact on the environment. This can be from ensuring the campsites and accommodation we use are clean when we leave and dressing respectfully in conservative areas to getting involved with local charity projects. We ask that you are open to this when you travel with us. Being proactive in responsible travel helps develop cross-cultural understanding and friendships with the local people and will greatly enhance your experience in Africa.
