Intended Itinerary

It is our intention to adhere to the route described below but a certain amount of flexibility is built into the tour and on occasion it may be necessary or desirable to make alterations to the published itinerary. Please therefore treat the following as a guide only. This is a participation tour. Our accommodated tour option travels together with the camping counterpart.

Your tour starts in **Pretoria**, South Africa's administrative capital. Close enough to Johannesburg to almost be considered a suburb, Pretoria is known as the Jacaranda City, with purple blossoms covering the streets in October each year. Pretoria boasts many sights of interest – such as the 10m bronze statue of Nelson Mandela standing beside the historic Union Buildings. Various cultural sites, shops, bars and restaurants are within an easy walk of our recommended hotel (and tour start point).

How do I get to Pretoria? Simple. Book a transfer before you leave home to meet you at Johannesburg's OR Tambo International and take you direct to the hotel in Pretoria. Journey time is about 45 minutes depending on traffic. We particularly recommend a pre-booked transfer if you are arriving late. Alternatively, there is a regular low-cost train service called the Gautrain which runs from OR Tambo International to both Johannesburg and Pretoria. If the train interests you, email or ask Acacia for more information

The description below follows the itinerary with the mandatory Adventure Pass for the tour.

Duration: 44 Days

Countries visited: South Africa, Zimbabwe, Zambia, Malawi, Tanzania, Kenya and Uganda

Day 1:

Pretoria– Hazyview – Kruger National Park

Distance travelled: +/- 390 Km

Approx driving time: 7 Hours

From Pretoria - South Africa's administrative city - we travel via the eastern region of Mpumalanga towards South Africa's famed national park – Kruger. Fences between the National Park and surrounding private reserves were removed several years ago to form Greater Kruger, an area of some 24000 sq km. Wildlife is free to roam the whole enormous area and it has become incredibly diverse in both fauna and flora. From the dwarf mongoose to the famed 'Big Five', almost every major African mammal (148 species) is present. There is also prolific birdlife (over 505 species) and over 330 varieties of trees. This evening we enjoy Shangaan tribal dancing and singing around an open fire.

Hazyview – Kruger National Park

Approx driving time: Full day with game drives

Waking early, we board our 4x4 game viewing vehicles with a resident guide for an intense but rewarding day in Kruger National Park. The impressive atmosphere of the park enables you to see why it is held in such high esteem amongst visitors from all over the world. We game drive in the morning and afternoon in search for the abundance of wildlife including the 'Big 5' – Rhino, elephant, buffalo, leopard and lion together with a high density of other mammals and diverse bird species such as eagles, hornbills, vultures and bee eaters. We break during the middle of the day to enjoy the peace of the rest camp and wait out the hottest part of the day (when wildlife is usually less active). We then continue our game drive through the park exiting in the late afternoon and continue to our accommodation for the night.

Matobo National Park

Approx driving time: Game Drive & Wilderness Walk - half day

Matobo National Park is located a short distance outside Bulawayo and knowledgeable guides will take us to this very impressive park. The wind-sculptured Matobo Hills are the site of numerous Bushman paintings and the area holds a special cultural and spiritual importance to the indigenous

people here. The reserve has the largest concentration of Black and White Rhino in Africa and, provided conditions are right, our guides will lead us on foot to some of the more concealed places in search of these magnificent animals. The park also has the densest population of leopard and black eagle in the world and we keep our eyes peeled high and low for these creatures. The hills are also home to the grave site of Cecil John Rhodes who chose this as his burial place owing to the intense natural beauty and startling views from the hills. His grave can be visited at World's View - a place of continual debate owing to his involvement in claiming the land and its people for Queen & Country in colonial times.

Day 6:

Bulawayo – Livingstone, Zambia

Distance travelled: +/- 450 Km

Approx driving time: 10 Hours

Moving on from Bulawayo we continue north, and pass through the town of Victoria Falls, before crossing the border into Zambia, we travel the short distance to the Waterfront Resort campsite a few kilometres from Livingstone. Situated on the banks of the Zambezi River, the Waterfront has a restaurant and small deck/terrace overlooking the river and is a base and booking point for the numerous optional activities available in the area. Staff will give a full briefing on what can be booked (typically including rafting, canoeing, bungee, abseiling, gorge swinging, horse riding, scenic flights and river cruises). Choose your activity at leisure, if time allows or else simply relax and enjoy the mighty Zambezi as it flows past your vantage point.

But whatever you do, don't leave Africa without seeing the Victoria Falls themselves! A visit to the Mosi Oa Tunya National Park is included in your tour – be sure not to miss it - at over a mile wide and some 100 metres deep the Falls at high water form the largest curtain of falling water in the world with spray visible from 20 kilometres away (hence the local name Mosi Oa Tunya, or 'Smoke that Thunders'). At low water the Zambezi dries so much that it is possible to walk out onto the river bed itself!

N.B: For the sake of practicality, meals in Livingstone/Victoria Falls area are restricted to breakfasts. This allows you to enjoy the optional activities without having to be back with the group at mealtimes. The Waterfront camp restaurant overlooks the Zambezi River

and offers a selection of simple and reasonably priced meals and snacks throughout the day (allow US\$15-\$30 per meal). Relax and enjoy at your own leisure, or alternatively, take a taxi into Livingstone to try local fare.

Distance Travelled: +/- 420 Km

Approx driving time: 8 Hours

Leaving Zambia behind, we cross the border to Malawi. Please be patient as the officials process the group's visas as this may take some time to complete. Lake Malawi formerly 'Lake Nyasa', covers almost a fifth of the country's area and provides the source of livelihood for many of the Malawian people. Fishermen, fish traders, canoe and net makers all ply their trade, and a common sight is that of a fisherman in his *Bwato*, (dugout canoe made from hollowed out tree trunk) fishing on the lake at the break of day or with lanterns by night

The lake also has the highest number of endemic freshwater fish species of any in the world and attracts divers globally to seek out the many colourful Cichlid species. We arrive at camp on the lake's shore in the afternoon and have the rest of the day to swim and explore the beach and surrounding area.

NB: Although it is our intention to adhere to the campsites described, a certain amount of flexibility is built into our time in Malawi and the crew may make alterations to the published itinerary. Please therefore treat the Malawi section of the dossier as a guideline only.

This farm is at an altitude of 1600m ensuring a pleasant fresh climate in one of the most scenic areas of Tanzania. Home to the Ghau family for over 70 years, Kisolanza remains a working farm providing organic meat (beef, lamb and chicken) and vegetables to the surrounding markets as well as further afield in Dar es Salaam.

Day 18:

Mikumi National Park area – Dar es Salaam

Distance Travelled: +/- 300 Km

Approx driving time: 8 Hours

We continue towards the Indian Ocean coast and the port city of Dar es Salaam ('Haven of Peace'). This route runs through the Mikumi National Park and we may, with luck,

spot forest elephant or giraffe feeding near the side of the road. 'Dar' is Tanzania's hub of commerce and industry – a hot, humid and bustling seaport city of high rises, colourful markets and Arab influenced architecture on the coast accessing one of the most important sea routes on earth (with an interesting history too). To most travellers, this city is the port of call to the more exotic Zanzibar and the remaining of the Archipelago islands. We set up camp at our campsite on the beach just outside of the city centre, usually having time to browse curio markets - best known for ebony wood - and prepare for our trip to Zanzibar.

Day 19:

Zanzibar Island

Distance Travelled: Ferry crossing

Evocative and exotic, Zanzibar conjures up images of idyllic, sandy, palm fringe beaches; romantic winding cobbled alleys and lush tropical forests. You will find all these here – and an intriguing history. Zanzibar was the base of the great 19th century explorers such as John Hanning Speke, Richard Burton and David Livingstone and once was a major trading centre of spices. Indeed, the spice trade is centuries old: Zanzibaris have traded with the people of the Arabian Peninsula for generations, plying the ocean in simple dhow sailboats relying on the annual trade winds for passage. The Arab influence is evident in the architecture and diverse street stall offerings of the capital, Stone Town. This influence can be seen right along the Eastern coast – the Swahili language itself is a result of the mixing of Arab and African languages and cultures over many centuries.

Zanzibar's other history is not romantic. The island was also a staging post for slaves bought from the African interior being held before shipping to slave owners in the Middle East. You can still see the places where these men and woman were held – and even a short visit is enough to convey the appalling conditions they had to endure.

Our time on the island over the next 4 nights is not structured and your time is at leisure. Perhaps the best way to see Stone Town is on foot: explore the bazaars for old maritime trinkets, cloths, wooden carvings, visit mosques, palaces, courtyards and alleyways of the old town. Spices are grown in plantations nearby and you can take day tours to visit some and have your senses dazzled by the tastes and scents experienced. If it's white sand, sparkling ocean and hot sun you prefer – head to the northern beaches and enjoy the Indian Ocean at its best. Try snorkelling and

diving, indulge in some sumptuous seafood, or simply relax beneath a coconut palm with a cocktail and a good book.

NB: As we leave the truck on the mainland, basic tourist class accommodation and breakfast on Zanzibar are included in the tour price, but for the sake of flexibility other meals are left for your own account. Typically, we spend one night in Stone Town and the next three nights in the north of the island at one of the beaches. Your tour leader will be available to assist if you if you have any questions or need activities arranged.

Approx driving time: 11 Hours

Departing early from Dar es Salaam, we head north past the Usambara and Pare Mountains in the Eastern Arc Mountain Range to Marangu, nestled at the base of the famed Kilimanjaro. The camp takes its name from the surrounding area. "Marangu" means "full of water" in the local Chagga language, and the lush green surroundings demonstrate the

truth of this. If weather is clear we will gain a view of the magnificent snow-capped Mount Kilimanjaro, Africa's highest mountain (5895m).

Day 25:

Marangu - Arusha

Distance Travelled: +/- 120 Km

Approx driving time: 2.5 Hours

We drive past the town of Moshi and eventually reach Arusha; a city situated exactly mid-way between Cape Town and Cairo. This is Tanzania's 'safari capital', a city of some 2 million people, a bustling melting pot of markets, vehicles and people – all nestling in the shadow of the brooding Mt Meru (4556 m). With time to explore town we head out to our camp just outside the city at the edge of the Maasai plains.

This afternoon we enjoy a walk to one of the local Maasai villages, a local school and clinic, a small but highly interesting Maasai museum, and the snake enclosure at the Meserani Snake Park.

It is from here that we prepare for our two night/three-day excursion to the Serengeti National Park and the Ngorongoro Crater.

Arusha - Serengeti National Park

Approx driving time: Full day including game drives

This morning we transfer to smaller more 'game park friendly' vehicles and drive west across the Great Rift Valley, passing through Mto Wa Mbo ('mosquito creek') and enter the Ngorongoro Crater Conservation Area. We pass into the park and drive around the 'Crater's rim and down onto the Serengeti plains. Green after the rains, brown and burnt in the dry, this is home to an enormous variety of grazing animals, predators, and birdlife. Flatter and larger than the Maasai Mara the Serengeti is simply huge - indeed the name derives from the Maasai word *Siringitu* – 'the place where the land moves on forever'. We

game drive to our designated (but unfenced) campsite for the evening where lion and hyena roam nearby for an unforgettable experience.

Accommodation: Serengeti National Park: Bush Camp - Camping in twin share tents with basic shared facilities (no shower, pit latrine)

Day 27:

Ngorongoro Crater

We drive out of the plains, game driving en route, and after lunch ascend the outer wall of the Ngorongoro Crater. We spend the night camping on the rim (you may need a jacket; it can be cold at night due to the high altitude here), where wildlife also roams free. At 326 square kilometres in area the Ngorongoro is Africa's largest intact caldera and a World Heritage Site. If the view from the rim (2400 metres above sea level) is spectacular, the site from the Crater floor (some 600 metres below) is equally enjoyable.

All the major mammals are present except giraffe (which cannot manage the steep slopes leading down onto the Crater floor). After our game drive we ascend to our campsite on the rim for a final view over the Ngorongoro Crater, pack up our camp and have lunch before retracing our steps to Arusha and our campsite at the Meserani Snake Park where we will overnight.

Day 31:

Nairobi – Lake Nakuru National Park

Distance travelled: +/- 190 Km

Approx driving time: 4 Hours

We depart Nairobi early and descend into the 'Great Rift Valley', an enormous cleft in the Earth's surface stretching from the Red Sea to Madagascar but with particularly marked escarpments here in Kenya. We stop at a lookout point to take in the magnificent views. Our overnight stop is Lake Nakuru National Park, a relatively small park (by African standards) however prolific in wildlife, sited on the Great Rift Valley floor. The shallow soda lake attracts a huge variety of birdlife – especially flamingos, which may gather in such numbers that (when viewed from above) they form a strikingly pink 'fringe' around the lake-shore. However, Lake Nakuru is not simply a bird sanctuary, it is

also home to buffalo, lion, rhino (black and white), leopard, warthog, baboon, antelope, and a variety of smaller animals. A delightful introduction to East Africa's wildlife diversity that we search for in an afternoon game drive making use of local guides and smaller safari vehicles for a more intimate experience.

Day 32:

Lake Nakuru - Eldoret

Distance travelled: +/- 150 Km

Approx driving time: 3.5 Hours

From Nakuru we continue northwest and climb in altitude towards the town of Eldoret en route to the Ugandan frontier. We cross from the Southern Hemisphere to the Northern Hemisphere today over the Equator, enjoy some time here learning a little about its significance and taking photos before moving onwards to Eldoret. The name 'Eldoret' is based on the Maasai word 'Eldore' meaning stony river due to the stony bed of the nearby Sosiani River. The town is the 5th largest in Kenya and is the fastest growing with a population of approx 194,000. We camp outside of the town in a unique campsite. It is created on a hilly forest tribal land, which was once home to members of the ancient Sirikwa tribe. Preserved on the site are excavations with stone sides, commonly called Sirikwa holes, which are believed to have been roofed and occupied by the inhabitants of a bygone age.

Day 34:

Kampala – Queen Elizabeth National Park Area

Distance travelled +/- 400 Km

Approx driving time: 8 Hours

From Kampala, we travel west towards Queen Elizabeth National Park, across the Equator again, through fertile green terraced hillsides, lush banana plantations, steep mountains and tangled forests with herds of Ankole cattle with their incredible long curving horns roaming the roads and paddocks. We camp a short distance from the Queen Elizabeth National Park. Here you will have the opportunity to relax and unwind, take a walk in the surrounding areas and mingle with the local community.

Day 35:

Queen Elizabeth National Park

This morning we enter the Queen Elizabeth National Park and take in the magnificent views of the mountains that separate Uganda from central Africa as well as Lake Edwards and Lake George. Queen Elizabeth National park has over 500 species of bird and 100 species of mammals making it one of the most bio diverse national parks in the world and if we are lucky, we may get to spot these animals en route to Kyambura Gorge for the trek to see the chimpanzees. Unlike their larger cousins the mountain gorilla, chimps live mostly in the trees and so our viewing is usually peering high into the forest canopy. However, the experience of seeing man's closest relative in the wild is a memorable one.

Chimpanzee Trek permits are issued by the wildlife authority in groups of up to 8 people per group. Depending on our group size, we may trek on the afternoon of day 34, morning of day 35 and afternoon of day 35 or morning of day 36.

Day 36:

Queen Elizabeth National Park - Lake Bunyonyi

Distance travelled +/- 240 Km

Approx driving time: 5 Hours

We leave the picturesque hills of the national park and make our way to the lush and stunning 'Lake Bunyonyi' ('Place of many little birds'). This lake is 27 km long, 7km wide and at an elevation of 1950 metres above sea level is surrounded by undulating hills between 2200m to 2478 m high. With a depth of nearly 900m in parts this lake is the second deepest lake in Africa (the deepest being Lake Tanganyika in Tanzania). With twenty-nine islands that can be visited by local boats, the lake is a great place to unwind, relax and explore on the days that we don't trek to see the mountain gorillas.

Over the next two days the group will be split with one group trekking to the mountain gorillas while the others relax at Lake Bunyonyi to enjoy the many activities on offer.

Lake Bunyonyi

There are many activities to do here such as hiring canoes to visit some of the lakes' islands, visit local tribes and villages, visit the local orphanage, bird watching and nature walks. Alternatively, just relax around camp, catch up on your travel diary or postcards to home.

Mountain Gorilla Trekking

This region of Africa is home to the world's remaining 700 mountain gorillas, many of which inhabit the Bwindi Impenetrable National Park. [we may travel into neighbouring Rwanda to trek for the gorillas if need be]

On the day of our trek we gather in the early morning to meet our local guide and tracker. Walking in small groups we trek into the thick rainforest. The trek can be demanding at times with uneven terrain and hilly rainforest but the privilege of spending time with a family of these gentle primates makes the effort well worthwhile. To many people the day's trek and time with the gorillas remains their most exciting wildlife encounter in Africa.

The usual procedure, once we have located the gorilla 'family', is to squat or sit down and simply observe them for around an hour – the time set by the Uganda Wildlife Authority (the national body charged with controlling and maintaining the gorillas in Uganda). Gorillas are sociable

Rivers, Lakes & Mountains (19RLM44) – Tour Dossier

creatures, living in groups between 12 and 20 individuals, usually led by an 'alpha male' (the 'silverback' - so called because of the silver hair on his back which grows once the male gorilla attains maturity). Most people find that the gorillas are remarkably human-like at close quarters – particularly in the social interaction between family members and in 'play' activity in which the young engage. Photography is permitted (although not with a flash and there are restrictions for those who wish to use a video camera.)

Your permit allows you one trek and gorilla viewing (time limited to one hour). However, because the authorities maintain strict limits on the number of visitors allowed to view the gorillas each day, we may spend several days in the area while all passengers in our group complete the trek and viewing.

NB: Depending on the availability of the gorilla permits the tour itinerary may vary in day to day running order which is based on the brochure itinerary. From time to time we may have to trek on different days. If at any chance our Gorilla trek should be in another neighbouring country, eg Rwanda (instead of Uganda) this may entail extra visa fees although we shall endeavour to advise you before departure of any significant changes to the tour itinerary. Please take the above itinerary as a guideline only. **This applies to day 36 – 38 of this tour.**

From this modest monument the Nile begins its 4132-mile course through Uganda, Sudan and eventually Egypt to the Mediterranean Sea.

that the diversity of the African landscape, the wildlife and the communities we pass on our way, make the sometimes-rough travel and long driving days worthwhile. Come with a sense of adventure and a flexible attitude and you will be sure to enjoy your Acacia overland tour across this amazing continent.

Africa provides an ever-changing environment, power failures, water and fuel shortages, temperature fluctuations, and other uncontrollable / unplanned situations do occur. You will need to remain flexible, understanding and good-humoured. “African time” can be difficult and frustrating for those who are used to a very structured life, so this is something to keep in mind!

WHAT’S INCLUDED: All tour highlights, 2-person dome tents, fully equipped safari vehicles, camping and cooking equipment, mattresses, service of two crew, all road and vehicle taxes, all ground transportation, meals as indicated.

WHAT’S NOT INCLUDED: Adventure Pass Activities and Excursions, visas, travel insurance, flight departure taxes, airport transfers, optional activities, tips, drinks, sleeping bag and items of personal nature. NB Lunch and dinners in Livingstone, Nairobi, and on Zanzibar are not included.

ADVENTURE PASS: Every Overland tour has an Adventure Pass which is paid to your tour leader in Africa at the beginning of the tour (or pre-paid by arrangement prior to your tour at the time of booking). This is separate and in addition to the Tour Price. The Adventure Pass is paid in the currency listed in the brochure or on the website (usually US dollars in clean, un-torn post 2008 edition notes). The Adventure Pass covers selected park entries, activities and excursions along the way where payment goes directly to the supplier. The purpose of the separate payment is to ensure local suppliers benefit directly from the income.

ACTIVITIES & EXCURSIONS: These are optional activities that are booked during your holiday and paid directly to the provider while on tour. These options offer a variety of experiences and allow you the freedom to decide what activities you would like to do.

GORILLA & CHIMPANZEE TREK: Depending on the availability of the chimpanzee and gorilla permits the tour itinerary may vary in day to day running order which is based on the brochure itinerary. From time to time we may have to trek on different days. If at any chance our Gorilla trek should be in another neighbouring country, e.g. Rwanda (instead of Uganda) this may entail extra visa fees although we shall endeavour to advise you before departure of any significant changes to the tour itinerary. Please take the above itinerary as a guideline only. **This applies to day 36 – 38 of this tour.**

ACCOMMODATION: We use 2-person dome tents with fly sheets, sewn-in groundsheets, zip-up insect screens and foam mattresses. We mainly use campsites, which usually have reasonable wash and shower facilities, electricity points and sometimes even a small shop, bar or swimming pool. In the Serengeti & Ngorongoro Crater there are basic facilities. On Zanzibar we use basic tourist class local hotels.

TRANSPORT: 24-seater, self-contained, custom-built safari truck with on-board tables, plug sockets, freezer, water tank, library, safety features and 70-litre individual lockers, 4x4 safari vehicle and fast ferry. Truck changes may occur on this tour. Travel times indicated are approximate and do not include stops en-route.

GAME PARK VISITS: To maximise the quality of game driving and to comply with local authority rulings, some of our National Park visits and game viewing is carried out using services provided by local African ground handlers. As well as enhancing our experience using local guides and smaller vehicles it also allows us to contribute at a ‘grassroots’ level to local economies from which local people benefit.

GORILLA AND CHIMPANZEE PERMITS

The Uganda Wildlife Authority imposes strict regulations regarding the gorilla trekking permits. One of these is that permits must be booked and paid in advance. For us to do this we must collect your permit money, in addition to your normal deposit, at the time of booking. Like your deposit, the permit money is not refundable if you cancel your tour. The Gorilla and Chimpanzee permit currently (Sept 2018) cost US\$780.00 per person. Please ask your agent or Acacia for the equivalent amount in your own currency. Please note: To ensure we obtain gorilla permits we may have to adjust the itinerary slightly from the published route. Any such adjustment will be explained to you where-ever possible before you leave for Africa. Our focus always will be to ensure everyone has the opportunity to do the treks and enjoy the very Africa experience.
